On arrival at the resort, please check in at the Club house where you will be directed to your Condo.

## THE AREA

Stable year round climate patterns, optimal Pacific Ocean temperatures, low hurricane risk, safety, and security are just a few great reasons. Abundant natural beauty and the potential for rising real estate property values are also essential factors here in Puerto Escondido, on the Emerald Coast of Oaxaca, Mexico.

Located just an hour's drive north of Huatulco, this emerging part of Mexico has remained almost untouched by large-scale real estate development. There are no blockbuster all-inclusive resorts or the associated tourist culture. Puerto Escondido remains a laid-back beach town with soul. Puerto Escondido real estate is reminiscent of what Puerto Vallarta used to be. This is the next Vallarta.

- Pristine Pacific Coast surfing beaches that stretch for miles
- Mexico's most desirable year-round climate
- Ultra low risk of hurricanes (only 3 mild hurricanes in the last 160 years!)
- Wide array of outdoor activities, tours, and eco adventures
- Authentic Mexico culture and cuisine
- Safe and friendly communities unspoiled by tourism, large-scale real estate development, or social issues

## WEATHER

Truly great year-round weather is actually hard to find. There are other world life-style resort destinations that may have post card flashes of greatness at the right time during the year. Most however, host large temperature swings, heavy rainy seasons, strong winds, low air quality, and even hurricane risks. Even within Mexico, the weather varies greatly by location.

Puerto Escondido offers the best year-round weather. Puerto Escondido is also situated in an ultra-low risk hurricane zone that is within 4-6 hours flying time of most major airports in North America. Those were are sought after elements when escaping the cold of North America and Palmarito Beach in Puerto Escondido, Oaxaca, Mexico, covers all of them.

- T-shirt days & no sweater nights year round
- Dry winters with extremely low amounts of rain when you most want to get away
- Comfortable humidity Levels
- Pacific Ocean temperatures that are warm at first touch, and are often warmer than the Caribbean or Hawaii

## ACTIVITIES (Not included in the long stay price)

Your Mexico Long Stay boasts not only an ultra warm part of the Pacific Ocean, but also the Sierra Madre del Sur Mountains as a backdrop, and multiple nearby rivers and fresh water lakes. Each visit to Puerto Escondido offers new possibilities so no two need ever be the same. Local activity options include:

- Swimming Beaches
- Surfing
- Sport Fishing
- Scuba diving & snorkeling
- Horseback riding
- Hikes to waterfalls & hot springs
- Mountain biking
- Ecological tours
- SUP (Stand-Up Paddleboard)

## YOUR PRE STOCKED FRIDGE WILL INCLUDE:

- 12 Eggs
- Milk
- Wheat Bread
- Coffee
- Sugar
- 6 Modelo Beer
- Apples
- Bananas
- Oranges
- Red Wine (Las Moras)
- White Wine (Las Moras)
- Butter
- Corn Flakes
- Jam
- Ham
- Cheese

## HEALTH CARE:

Right in the center of Puerto Escondido is The Ángel del Mar Medical Clinic. This private hospital offers specialized medical care with an emphasis on emergency care. If the medical emergency cannot be handled in-house, there is ambulance service that can transfer you to other hospitals in Oaxaca.

The Hospital General de Puerto Escondido offers more services than The Angel del Mar Medical Clinic but it is still rather small.

Oaxaca City or Salina Cruz are where the large and well funded private hospitals can be found for major surgeries. The health care costs are more expensive than a hospital that is funded by the government, but the costs are still MUCH less expensive than in the U.S. or Canada.

Farmacia's are located all throughout Puerto Escondido, including the popular "Similare" which offers generic brand drugs for significantly less.

There are quite a few dentists in town that offer excellent dentistry for way less than you will pay in the U.S. or Canada.

Goway offers comprehensive travel insurance that will incorporate medical incidents.

## OTHER

**There are two banks:**

Banamex (Av Pérez Gasga s/n; 9am-4pm Mon-Sat) Currency exchange & ATM.

HSBC (Calle 1 Norte btwn Calles 2 & 3 Pte; 8am-7pm Mon-Sat) One of several banks offering currency exchange in the upper part of town.

## SHOPPING

There are several grocery stores but the one that offers the most sought after items by expats is Chedraui.

## DRIVING INSTRUCTIONS FROM HUATULCO TO YOUR OAXACAN BEACH CONDO

### HUATULCO – BEACH CONDO

The trip from Huatulco to your beach Condo on Highway Mexico 200 is approximately 120 KM long. You will drive on Highway Mexico 200 for about 2 hours heading West until you reach Puerto Escondido.

After leaving the airport in Huatulco, you will see a large sign indicating a right hand turn to Puerto Escondido. Turn right. Note there is a gas station here, opposite the airport entrance to fill your rental car on your return. American Express is often not honored at gas stations for fuel, please have pesos, Visa or Mastercard. Follow the road straight. You will spend 30 to 40 minutes on single lane mountain roads. As you leave the mountains you will come across a 2 lane motorway with some parts still under construction.

Driving etiquette in Mexico is different to North America. Often an indicator is not used and if it is used it is not indicating the driver's intent. Be aware and take your time. Roads are good but are dotted by for 'topes' or 'reductores' which are speed bumps that are in place in any area where there are homes or villages and can pop up unexpectedly.

Once you reach Puerto Escondido (+/- 90 mins from the Huatulco airport) continue driving West on Highway Mexico 200 until you cross the entire city. You will know you have crossed the city when you see the Puerto Escondido Airport to your right.

If you have flown directly into Puerto Escondido, turn right out of the airport and follow the directions below.

Continue driving West on Highway Mexico 200 for about 10 minutes and you will reach a town named Bajos de Chila.

Pass through the town of Bajos de Chila (2 topes or reductores to pass) and continue to drive for about 2 minutes on a straight stretch of highway. Towards the end of this straight stretch on Highways Mexico 200 you will see painted on the pavement KM 128. Reduce your speed when you see this because you will be making a left on to a gravel road. You will notice various Vivo signs on Highways Mexico 200 indicating to turn left. Look for this sign (Pic in drive)

\*There are no turns off the highway until you reach the gravel road at Km 128.

Once you've entered this gravel road you will follow the various Vivo Resorts signs with arrows placed in every turn. You will drive approximately 10 to 15 minutes on this gravel road until reaching Playa Palmarito and soon after the main entrance to the resort. Security will check your name. Drive straight and pull up the main club house / reception. You have arrived! drop your rental car and return back home.

### 8 IMPORTANT TIPS!

1. If you provided a credit card during check-in at the front desk, you can charge all on-site goods and services to your account for the duration of your stay.
2. Please do not bring the white towels from the condo suite to the pool. You have been provided with a pool towel per person, these are the striped blue and white towels. The pool towels can be exchanged for a clean towel at the pool bar.
3. Please note: we kindly request you to join us in the energy saving and environmental care program to use the same towel as many times as possible.
4. Alcoholic beverages consumed in the common areas of the complex, must be purchased at the pool bar. Any beverages you bring to the pool area from your suite must be in non-breakable containers. No glass!
5. To ensure the resort continues to look beautiful for all to enjoy, towels, clothing or other items may not be hung from balcony railings.
6. Smoking is only permitted in designated areas. No smoking permitted on the balcony or terrace of your suite.
7. Please return any items to the suite that you may move during the course of your stay.
8. We all love the beautiful warm weather here, but sometimes a cooler air-conditioned space is needed. Please be respectful and energy conscious, we ask that you turn the air-conditioning off when you leave the suite.
9. We have provided you with a starter kit of a few items you may need during your stay. Laundry soap, dishwasher detergent, a basic stocked fridge etc. Should you need more of these items, they are available for purchase in the General Store in the Clubhouse.
